Locals Supporting Locals

FEATURED ARTICLE

Thanks from Blakehurst Public School!

Local community support increases for local businesses

A great thing about the Blakehurst School community is the level of support and encouragement that it provides. An example of this is the local shop-keepers in Carss Park, who are supporting our school with some funding for student assistance programs. This assistance is greatly appreciated and will help some of our families with schooling costs. A way we can show our appreciation is to make sure we support these local shops – every dollar spent at these shops will reflect our thanks for their assistance and good will. Thank you to the local We Are Carss Park community!
